Brand & Digital Experience

INTRODUCTION

Building more than just a website.

The goal of this project isn't simply to create a beautiful website. The objective is to build a complete digital ecosystem — one that helps Beyond the Treatment Room attract qualified aesthetic practitioners, generate leads, nurture prospects automatically, and convert them into long-term clients and members.

Everything has been planned around creating a scalable business that requires less manual selling — allowing your offers to work together seamlessly, quietly, and around the clock.

01**Attract**

Qualified practitioners find you through valuable, targeted content.

02**Nurture**

Automated journeys build trust while you sleep.

03**Convert**

Prospects become members, mentees and advocates.

PROJECT GOALS

Five objectives shaping every decision.

I Establish a premium personal brand

A luxury online presence that positions Beyond the Treatment Room as the go-to education and mentorship platform for aesthetic practitioners.

II Generate consistent qualified leads

Capture visitors through valuable free resources and automated lead-generation funnels.

III Automate client acquisition

Reduce manual follow-ups by building email automations and considered customer journeys.

IV Increase programme sales

Guide visitors naturally toward the Elevate Method (1:1 mentorship), the Skin School membership, and the shop.

V Create a scalable business

A platform built to grow as new programmes, courses and memberships are introduced.

BRAND ARCHITECTURE

One master brand. Every offer beneath it.

Beyond the Treatment Room becomes the central brand. All offers live underneath it — avoiding a scatter of disconnected identities.

"A single, coherent brand compounds trust. Every touchpoint reinforces the same promise — rather than competing for it."

WEBSITE STRUCTURE

A considered, nine-part architecture.

01 Home

Premium landing experience · Luxury branding · Clear messaging · Calls-to-action

02 About

Your story · Practitioner to practitioner · Six years in clinic · Why this exists

03 Skin School

Membership sales page · The Skin Vault · Monthly episodes · Founding members

04 Elevate Method

1:1 mentorship page · Programme detail · Application · Discovery call

05 Reviews

Practitioner results · Package wins · Revenue growth · Social proof gallery

06 Shop

Mini trainings & tools · Product pages · Kajabi checkout · Post-purchase upsell

07 Free Resources

The Skin Code ebook · Consultation Cheat Sheet · Future resources

08 Members Login

Kajabi member portal access · Password reset · Account management

09 Legal

Privacy Policy · Terms & Conditions

CUSTOMER JOURNEY

One entry point.
Four paths to conversion.

FUNNEL SYSTEM

Four funnels, one engine.

FUNNEL 01

The Skin Code

FUNNEL 02

Consultation Cheat Sheet

FUNNEL 03

Elevate Method

FUNNEL 04

The Shop

Each funnel captures a different intent — yet all feed the same nurture engine and the same two destinations: Skin School and the Elevate Method.

KAJABI ECOSYSTEM

The platform that holds it all together.
